BUSINESS OPERATIONS DIVISION
Food Services Department
Office of the Director

MEMORANDUM

TO: All Summer School Principals
FROM: Gary Petill
DATE: May 7, 2009
SUBJECT: ***GREAT NEWS – FREE LUNCH!***

In order to streamline meal service to students during summer school, the Food Services Department would like to again partner with you on a federal and state-funded Summer Lunch Program.

Major advantages for your site to participate in this program are:

1. Point of Sale registers are not used to count the meals served.
2. Students will not have to input a PIN number in order to receive meals.
3. Students from other school sites that are attending your summer school program will not have to input PIN numbers to receive their meals.
4. Students that normally pay for their meals will not be charged for breakfast or lunch meals.

The program requires that neighborhood children, ages 2-18, be allowed to partake in lunch at a specified time, usually after the summer school day ends. Meal service to children in the community will be scheduled for approximately 30 minutes and will begin after the school day ends for the regular students attending summer school. Currently, Food Services partners with the City of San Diego in over 20 Park and Recreation Center facilities where students are fed free throughout the summer. This lends itself to be a draw because of the activities provided by the recreation directors at these sites.

If you are interested in the Summer Meal Service Program, or have further questions, please contact our Operations/Financial Supervisor, Sara Mosburg at 858/627-7327, or via email at smosburg@sandi.net. We would appreciate your letting Food Services know if you would like to be a participating site by Friday, May 15, 2009.
